

Fit360OS - 100 Gym Exercises

Body-Part-Wise Exercise Reference Guide

A practical exercise library organized by primary training area. Each exercise includes the main target, equipment, and a concise technique cue. Exercise selection should be adjusted to training experience, mobility, injury history, and individual goals.

Body Part	Exercises
Chest	12
Back	14
Shoulders	12
Biceps	8
Triceps	8
Quadriceps	10
Hamstrings & Glutes	12
Calves	6
Abs & Core	10
Traps & Forearms	8
Total	100

Chest

#	Exercise	Main Target	Equipment	Key Execution Cue
1	Barbell Bench Press	Pectoralis major	Barbell + bench	Retract shoulder blades, lower to mid-chest, press without bouncing.
2	Incline Barbell Bench Press	Upper chest	Barbell + incline bench	Use a moderate incline; keep wrists stacked over elbows.
3	Decline Barbell Bench Press	Lower chest	Barbell + decline bench	Keep upper back tight and control the bar to lower chest.
4	Flat Dumbbell Press	Pectoralis major	Dumbbells + bench	Lower with control and keep forearms nearly vertical.
5	Incline Dumbbell Press	Upper chest	Dumbbells + incline bench	Press up and slightly inward without clashing the dumbbells.
6	Decline Dumbbell Press	Lower chest	Dumbbells + decline bench	Keep shoulders packed and use a smooth full range.
7	Machine Chest Press	Pectoralis major	Chest press machine	Set seat so handles align around mid-chest; avoid shrugging.
8	Smith Machine Bench Press	Pectoralis major	Smith machine + bench	Position bench so bar path reaches mid-chest comfortably.
9	Dumbbell Fly	Chest adduction	Dumbbells + bench	Keep a soft elbow bend and stop before shoulders overstretch.
10	Cable Fly - Mid	Pectoralis major	Cable station	Bring hands together at chest height while keeping ribs controlled.
11	Low-to-High Cable Fly	Upper chest	Cable station	Sweep handles upward and inward toward upper-chest level.
12	High-to-Low Cable Fly	Lower chest	Cable station	Sweep handles down and inward toward lower-chest/upper-ab level.

Back

#	Exercise	Main Target	Equipment	Key Execution Cue
13	Conventional Deadlift	Posterior chain / back	Barbell	Brace before lifting; keep bar close and stand tall without leaning back.
14	Rack Pull	Upper back / spinal erectors	Barbell + rack	Start from pins, brace hard, and keep the bar close to the body.
15	Pull-Up	Lats / upper back	Pull-up bar	Drive elbows down; avoid swinging or craning the neck.
16	Chin-Up	Lats / biceps	Pull-up bar	Use a supinated grip and pull chest toward the bar under control.
17	Wide-Grip Lat Pulldown	Lats	Lat pulldown	Pull toward upper chest while keeping torso stable.
18	Neutral-Grip Lat Pulldown	Lats	Lat pulldown attachment	Lead with elbows and avoid turning it into a row.
19	Straight-Arm Pulldown	Lats	Cable station	Keep arms nearly straight and pull from shoulders to thighs.
20	Barbell Bent-Over Row	Mid-back / lats	Barbell	Hinge at hips, brace, and row toward lower ribs.
21	Pendlay Row	Upper/mid-back	Barbell	Reset bar on floor each rep and keep torso close to parallel.
22	One-Arm Dumbbell Row	Lats / mid-back	Dumbbell + bench	Pull elbow toward hip and avoid twisting the torso.
23	Chest-Supported Dumbbell Row	Mid-back	Incline bench + dumbbells	Keep chest supported and squeeze shoulder blades back.
24	Seated Cable Row	Mid-back / lats	Cable row	Stay tall and pull handle toward lower ribs.
25	T-Bar Row	Mid-back / lats	T-bar / landmine	Keep spine neutral and pull elbows behind the body.
26	Machine High Row	Lats / upper back	High-row machine	Drive elbows down and back; control the stretch at the top.

Shoulders

#	Exercise	Main Target	Equipment	Key Execution Cue
27	Standing Barbell Overhead Press	Front / side delts	Barbell	Brace glutes and core; press overhead without excessive back arch.
28	Seated Barbell Shoulder Press	Deltoids	Barbell + bench	Keep upper back supported and lower to a comfortable depth.
29	Seated Dumbbell Shoulder Press	Deltoids	Dumbbells + bench	Press smoothly overhead while keeping forearms stacked.
30	Arnold Press	Front / side delts	Dumbbells	Rotate gradually; use a load that allows controlled movement.
31	Machine Shoulder Press	Deltoids	Shoulder press machine	Adjust seat so handles begin around shoulder level.
32	Dumbbell Lateral Raise	Side delts	Dumbbells	Lead with elbows and raise to roughly shoulder height.
33	Cable Lateral Raise	Side delts	Cable station	Keep tension continuous and avoid torso swinging.
34	Machine Lateral Raise	Side delts	Lateral raise machine	Align machine pivot with shoulder and lift under control.
35	Dumbbell Front Raise	Front delts	Dumbbells	Raise to shoulder level without leaning backward.
36	Cable Front Raise	Front delts	Cable station	Maintain a steady torso and controlled eccentric.
37	Reverse Pec Deck	Rear delts	Reverse fly machine	Open arms out while keeping shoulders down.
38	Bent-Over Rear-Delt Fly	Rear delts	Dumbbells	Hinge, keep a soft elbow bend, and move from the shoulders.

Biceps

#	Exercise	Main Target	Equipment	Key Execution Cue
39	Standing Barbell Curl	Biceps brachii	Barbell	Keep elbows close to sides and avoid hip drive.
40	EZ-Bar Curl	Biceps brachii	EZ bar	Use a comfortable wrist angle and control the lowering phase.
41	Alternating Dumbbell Curl	Biceps	Dumbbells	Supinate as you curl and keep upper arm relatively still.
42	Incline Dumbbell Curl	Long head biceps	Dumbbells + incline bench	Let arms hang back and avoid moving shoulders forward.
43	Hammer Curl	Brachialis / brachioradialis	Dumbbells	Use neutral grip and keep elbows tucked.
44	Preacher Curl	Biceps	Preacher bench + EZ bar	Keep upper arms supported and avoid hyperextending elbows.
45	Cable Curl	Biceps	Cable station	Keep constant tension and avoid stepping back during reps.
46	Bayesian Cable Curl	Long head biceps	Cable station	Stand slightly ahead of cable and keep upper arm behind torso.

Triceps

#	Exercise	Main Target	Equipment	Key Execution Cue
47	Close-Grip Bench Press	Triceps	Barbell + bench	Use a shoulder-width grip and keep elbows controlled.
48	EZ-Bar Skull Crusher	Triceps	EZ bar + bench	Lower toward forehead/behind head while keeping upper arms stable.
49	Dumbbell Overhead Triceps Extension	Long head triceps	Dumbbell	Keep elbows pointing forward and ribs down.
50	Rope Triceps Pushdown	Triceps	Cable + rope	Lock upper arms by sides and separate rope at the bottom.
51	Straight-Bar Pushdown	Triceps	Cable + bar	Extend fully without letting shoulders roll forward.
52	Reverse-Grip Pushdown	Triceps	Cable + straight bar	Use a lighter load and keep wrists neutral.
53	Single-Arm Cable Pushdown	Triceps	Cable station	Keep elbow fixed and fully extend under control.
54	Cable Overhead Triceps Extension	Long head triceps	Cable + rope	Lean slightly forward and let elbows flex before extending.

Quadriceps

#	Exercise	Main Target	Equipment	Key Execution Cue
55	Back Squat	Quadriceps / glutes	Barbell + rack	Brace, keep whole foot grounded, and track knees with toes.
56	Front Squat	Quadriceps	Barbell + rack	Keep elbows high and torso upright through the descent.
57	Hack Squat	Quadriceps	Hack squat machine	Keep back against pad and control depth.
58	Leg Press	Quadriceps / glutes	Leg press	Lower until comfortable without pelvis curling off the pad.
59	Smith Machine Squat	Quadriceps / glutes	Smith machine	Set feet to suit the fixed bar path and keep knees tracking well.
60	Bulgarian Split Squat	Quadriceps / glutes	Dumbbells + bench	Use a stable stance and descend straight down.
61	Walking Lunge	Quadriceps / glutes	Dumbbells	Take controlled steps and maintain balance through each rep.
62	Reverse Lunge	Quadriceps / glutes	Dumbbells	Step back softly and drive through the front foot.
63	Leg Extension	Quadriceps	Leg extension machine	Align knee with machine pivot and squeeze at the top.
64	Sissy Squat	Quadriceps	Bodyweight / support	Use support, keep hips extended, and work only within a comfortable range.

Hamstrings & Glutes

#	Exercise	Main Target	Equipment	Key Execution Cue
65	Romanian Deadlift	Hamstrings / glutes	Barbell	Push hips back, keep bar close, and stop when hamstrings limit range.
66	Dumbbell Romanian Deadlift	Hamstrings / glutes	Dumbbells	Hinge rather than squat and keep weights close to legs.
67	Stiff-Leg Deadlift	Hamstrings	Barbell	Use controlled range and maintain a stable neutral spine.
68	Barbell Hip Thrust	Glutes	Barbell + bench	Tuck ribs, drive through feet, and finish with glutes.
69	Machine Hip Thrust	Glutes	Hip thrust machine	Set pad securely and avoid overextending the lower back.
70	Glute Bridge	Glutes	Bodyweight / barbell	Drive hips up while keeping ribs down.
71	Lying Leg Curl	Hamstrings	Leg curl machine	Keep hips pressed into pad and curl smoothly.
72	Seated Leg Curl	Hamstrings	Seated leg curl	Keep thighs secured and control the stretched position.
73	Standing Single-Leg Curl	Hamstrings	Leg curl machine	Keep hips square and isolate one leg at a time.
74	Cable Pull-Through	Glutes / hamstrings	Cable + rope	Hinge hips back then extend hips without pulling with arms.
75	Cable Glute Kickback	Glutes	Cable + ankle strap	Keep pelvis square and avoid arching the lower back.
76	45-Degree Back Extension	Glutes / hamstrings / erectors	Back extension bench	Hinge at hips and finish in a straight line, not hyperextension.

Calves

#	Exercise	Main Target	Equipment	Key Execution Cue
77	Standing Calf Raise	Gastrocnemius	Calf raise machine	Use full controlled stretch and rise onto the balls of feet.
78	Seated Calf Raise	Soleus	Seated calf machine	Pause briefly at stretch and top position.
79	Leg Press Calf Raise	Calves	Leg press	Move through ankles only and keep knees nearly fixed.
80	Smith Machine Calf Raise	Calves	Smith machine + block	Use a stable foot position and full ankle range.
81	Single-Leg Dumbbell Calf Raise	Calves	Dumbbell + support	Use support for balance and work each side evenly.
82	Donkey Calf Raise	Gastrocnemius	Machine / setup	Keep hips hinged and focus on controlled ankle movement.

Abs & Core

#	Exercise	Main Target	Equipment	Key Execution Cue
83	Cable Crunch	Rectus abdominis	Cable + rope	Flex the trunk by bringing ribs toward pelvis; avoid pulling with arms.
84	Machine Ab Crunch	Rectus abdominis	Ab machine	Adjust pad position and curl through the trunk under control.
85	Hanging Knee Raise	Lower abs / hip flexors	Pull-up station	Posteriorly tilt pelvis at the top instead of only lifting knees.
86	Hanging Leg Raise	Abs / hip flexors	Pull-up station	Control swing and raise legs only as high as position allows.
87	Captain's Chair Knee Raise	Abs	Captain's chair	Keep back supported and curl pelvis upward.
88	Decline Sit-Up	Rectus abdominis	Decline bench	Use controlled trunk flexion and avoid pulling the neck.
89	Ab Wheel Rollout	Anterior core	Ab wheel	Brace and extend only as far as you can keep ribs and pelvis controlled.
90	Pallof Press	Anti-rotation core	Cable / band	Press straight out while resisting torso rotation.
91	Cable Wood Chop	Obliques	Cable station	Rotate through torso and hips in a controlled pattern.
92	Weighted Plank	Anterior core	Plate / bodyweight	Maintain a straight line and avoid dropping or piking hips.

Traps & Forearms

#	Exercise	Main Target	Equipment	Key Execution Cue
93	Barbell Shrug	Upper traps	Barbell	Elevate shoulders straight up; avoid rolling them.
94	Dumbbell Shrug	Upper traps	Dumbbells	Pause at the top and lower under control.
95	Smith Machine Shrug	Upper traps	Smith machine	Stand tall and shrug vertically.
96	Farmer's Carry	Grip / traps / core	Heavy dumbbells	Walk tall with ribs stacked and shoulders stable.
97	Barbell Wrist Curl	Forearm flexors	Barbell + bench	Support forearms and move only through wrists.
98	Reverse Wrist Curl	Forearm extensors	Barbell / dumbbells	Use a light load and controlled wrist extension.
99	Reverse Barbell Curl	Brachioradialis / forearms	Barbell / EZ bar	Use pronated grip and keep elbows fixed.
100	Plate Pinch Hold	Grip / forearms	Weight plates	Pinch plates securely and keep wrist neutral.
